

1 day before moving

- Pack a box of things you'll need as soon as you arrive at your new home. (This might include refreshments, light disposable plates and cups, light tools, bathroom items and bin bags.)
- Take this box with you or have the driver load it last and unload first.
- This is usually the day packing is done. Make sure all packing services have been performed before you sign for them.
- Defrost, thoroughly clean and dry refrigerator.
- Empty, disconnect and drain pipes of washing machine and dishwasher.
- When all is done, make sure you have an early night.
