

Moving Day

- Be on hand when the Making Moves team arrives and throughout the loading process. (If you can't be there, make sure someone can to direct the movers.
- Make sure the driver has in writing the name and phone number of that person.)
- Make a final tour of your home. See that nothing is overlooked.
- Lock all windows and doors, and turn off all switches
- Show the team leader the layout of your new home. Be on hand to help staff place your possessions in the correct place.

Thank you for choosing
Making Moves to move
your home.
